Please contact me upon receipt of this fax with an absolute date for your submittal of an easement request to the MWRD for gas service at the above referenced address.

Since our site meeting on 11-6-03 I have contact you several times and you have assured me each time that you will fax me a copy of the entrance sketch.

The last time we spoke you indicated that you would submit the easement request and that was two weeks ago.

When I called you on the 12-11-03 you promised to call me back in ten minutes and you did not return my call.

JOINTLY STIPULATED
EXHIBIT 000019

.....

Our first request for this new service originated on 3-16-01 and as of today's date we still do not have a commitment, an entrance sketch, or an easement request submitted to MWRD.

Either respond to this communication on 12-15-03 or refer me to your department supervisor.
